

Charleston Conference on Mitochondrial Physiology & Pathobiology

When: **November 15-18, 2009**

Where: **Wild Dunes Resort, Isle of Palms, South Carolina**

Meeting Organizers

John Lemasters, MD, PhD & Craig Beeson, PhD

Medical University of South Carolina

Dear Colleagues,

We invite you to attend the first **Charleston Conference on Mitochondrial Physiology and Pathobiology** at the Wild Dunes Resort on the Isle of Palms near Charleston, South Carolina. This conference is a forum to explore the newest research in mitochondrial function and disease. We are delighted that leading scientists from around the world have agreed to be part of our program. We encourage you to join us for an engaging and instructive three days and to submit your abstracts for poster presentation and possible selection for oral presentation.

Registration and the full program can be found at:

<http://www.musc.edu/ceramide/pharmconference/index.htm>

We look forward to seeing you soon.

Sincerely,

John & Craig

Conference Program Sessions

Mechanisms of Uncoupling, David G. Nicholls, Buck Institute, Chair

Mitochondrial Channels, John J. Lemasters, MUSC, Chair

Mitochondrial Dynamics and Autophagy, Orián Shirihai, Tufts, Chair

Proteomics, Craig C. Beeson, MUSC, Chair

Beta Cell Function & Metabolic Syndrome, Jan Nedergaard, Wenner-Gren Inst, Chair

Oxidative Stress and Aging, Hartmut Jaeschke, U Kansas Med Center, Chair

Mitochondrial Mechanisms in Toxicity, Zhi Zhong, MUSC, Chair

Metabolomics and Screening, Shannon M. Bailey, U Alabama, Chair
